

Dear Future

Getting ready for you

A 501(c)(3) Organization established in the state of Texas, and working to improve the lives of children **Globally.**

A young girl with long dark hair, wearing a white school uniform and a white face mask, is holding a large cardboard box. The box is open, revealing a black garment with a white tag that says 'COTTON' and 'REG. IND. 7236'. The background shows other children in school uniforms, suggesting a classroom or school setting. The entire image has a blue tint.

Our Vision

Health and Education to Every Child.

Our Mission:

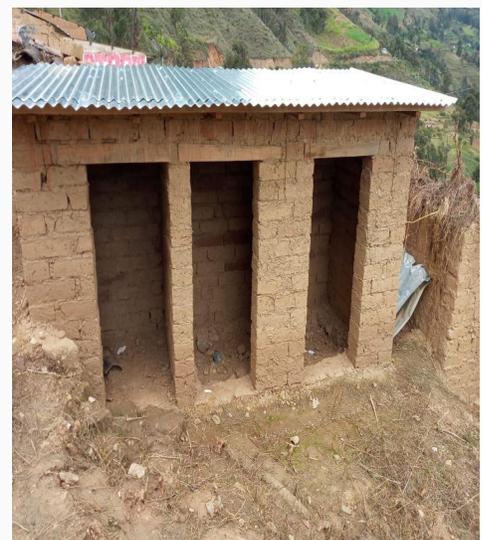

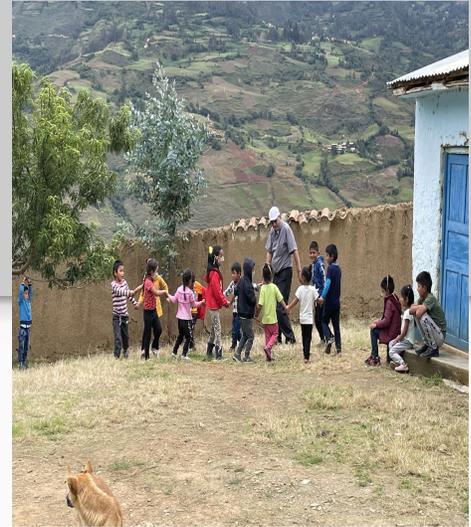

To eliminate the obstacles to great Education and Health to children living in Remote and extremely poor regions of the world.

The problem

According to UNESCO, more than 260 million children are out of school worldwide.

Poverty, long distances to school, formal and informal school fees, and the absence of inclusive education are among the main causes. ***Even when in school,*** millions of children receive a poor quality education that leaves them lacking essential skills and knowledge.

Children in remote areas lack the government support to successfully complete school, most show up to school ***without the essentials.***

Our Approach

Seek and contact schools | 1

Currently working in the Andes of Peru, we have partnered with local schools without basics, such as: pencils, paper, notebooks, coloring pencils, etc.

Fundraise to give | 2

Dear Future has set a modest fundraising goal proportional to our current work, including upcoming tasks.

volunteers | 100%

Our team of 4, works entirely on volunteer basis, projecting 100% of our funds to operational and admin fees absolutely necessary to growth.

listen and develop needs | 3

In cooperation with our school partners, we develop and approve an absolute list of needs that will enable students and educators to complete a successful school year.

Purchase and deliver | 4

Always working in cost savings mode, Dear Future personally handles all the needs and delivers the goods quickly.

Develop our future | 5

As a new organization we evaluate our work and other ways we can help, Our goals include: Mental health for our population, If you can see it you can be it program, and ultimately to continue our work in Africa.

Dear-Future.org

We set off to build something great, something we could be proud of and something that had the ability to grow.

We all give as much as we can, but our focus is always in our mission. There is always a place here for you!
